MEMORANDUM FOR GENERAL COUNSEL:

1. It has been learned that the Department of Justice proposes to introduce an omnibus bill bearing the title, "Internal Security Bill." The extent to which steps leading to introduction have been carried are not known.

2. As this bill, in its present draft, has provisions highly objectionable to CIA, it is requested that the Chief, Advisory Council be consulted before any action by the Director in support of this bill is recommended should this matter come to your attention.
